

*"I ABSOLUTELY love the curved thinners (Dirty Dog XC-66) - they fit her dome perfectly and **make quick work of topknots**. They are also fantastic at finishing the bevels on her as well after I get a **gorgeous sharp edge on my bevel from the Dirty Dog XC 8's**. Both glide thru the hair like butter and the thumb/finger grips fit perfectly . . . They are my go to shears/thinners and they have made my grooming much easier, faster, and I **wouldn't groom without them!!!**"*

*I was first introduced to **Dirty Dog shears** a couple of years ago, **my case is nothing but them now**. The curves are perfect for Cocker spaniel bevels. The **double blenders** are an absolute must have for any groomer.*
